Segway Accessories

Light it.

Segway 5W Lithium-ion LED Kit
Cut through the darkness with the most powerful single LED available. Shown at right with the Accessory Bar and Handlebar Bag, it offers low, high or flash beam settings. A lithium-ion battery provides six hours of high beam, and 40+ hours of flash. A double click powers on the light, preventing accidental use. When the battery is low, an auto-lock function extends performance. Also includes charger, case, and a two-year parts and labor warranty.

LED Taillight
Ideal for areas of heavy pedestrian and vehicle traffic or when it’s dark outside, the LED taillight clips easily to your belt or backpack. Runs on two AA batteries (not included) to provide 15 to 18 hours of visibility.

Police Light and Siren
Specifically designed to meet the unique needs of police and security forces. A high-intensity LED alternating red-blue strobe increases visibility and a siren helps alert others of an officer’s presence. Powered by a long-lasting lithium-ion battery for 40+ hours of strobe, and a seemingly endless siren. Includes charger, case, and a two-year parts and labor warranty.

Segway Reflectivity
Sometimes the weather or ambient lighting can make it difficult to be seen. This kit helps you make sure your Segway PT stands out, no matter what the conditions. Simply attach the reflective labels and you’re ready to be noticed.

Police Reflectivity
These durable, highly visible reflective labels clearly alert others in any light, and make it easier for officers to be seen in the dark, in a crowd, or during bad weather. Also available in Spanish, Italian, and German.

Light it.

Segway 3W LED Kit
Perched upon your accessory bar, this 65-lumen LED lights the way with low, high, and flash settings. Powered by 4 AA batteries (not included), it delivers two hours of high beam, four hours of low beam, and 20 hours of flash operation. And its solid aluminum housing stays cool to the touch. Two-year parts and labor warranty included. The Segway Accessory Bar is needed to install the light on your Segway PT.

Police Reflectivity
These durable, highly visible reflective labels clearly alert others in any light, and make it easier for officers to be seen in the dark, in a crowd, or during bad weather. Also available in Spanish, Italian, and German.

Police Reflectivity
These durable, highly visible reflective labels clearly alert others in any light, and make it easier for officers to be seen in the dark, in a crowd, or during bad weather. Also available in Spanish, Italian, and German.
Accessory Bar Kit
The accessory bar attaches to the handlebar, providing plenty of space to mount lights, reflective labels, and other aftermarket equipment. Simple to install, it’s also adjustable, so you can angle it just the way you like.

Segway Ramp Kit
The ramps make getting a Segway PT into your vehicle a snap. The top grips your trunk while the traction foot helps anchor the ramps to the ground. Once they’re in place, just roll your Segway PT up the ramp. When you’re done, the ramps fold in half and fit into a custom carrying case for easy storage.

Segway Hauler
Take your Segway PT everywhere you travel. It works like a miniature forklift. Just remove the pin to lower the platform, roll your Segway PT on board, secure it, then push on the handlebar to raise it up. Compatible with standard 2” / 5.08 cm and 1.25” / 3.175 cm trailer hitches, it also adjusts to match the height of your vehicle.

Compatible with standard 2” / 5.08 cm and 1.25” / 3.175 cm trailer hitches, it also adjusts to match the height of your vehicle.

LeanSteer Frame Tool-less Height Adjust
With this essential accessory, a flip of a lever is all it takes to separate the LeanSteer frame so you can fit your transporter into tight storage spaces or place it in your vehicle.

Adjust it.

Handlebar Bag (above)
Yes, you can take it with you – keys, mobile phone, water bottle – all of life’s necessities, including batteries for your accessories. A molded plastic shell protects your items and keeps them organized. When you get to your destination the bag detaches easily for carrying away. The exterior can be personalized with logos, reflectivity, or whatever you like.

Universal Cargo Plate Kit (above)
Whether you’re using your Segway PT for work or play, equip it with a larger carrying area with this multifunctional cargo plate. Bungee hooks and cargo nets can be used for expanded flexibility. It can be installed in two positions for your preferred configuration and if you have an i2, requires the Lower Frame Kit (shown at left).

Compatible with standard 2” / 5.08 cm and 1.25” / 3.175 cm trailer hitches, it also adjusts to match the height of your vehicle.

LeanSteer Frame Tool-less Height Adjust
The turn knob adjustment lets you quickly configure the height of the handlebars – with no tools required. It also makes it easier to collapse the LeanSteer frame for storage or transport.

Detail it.

Aluminum Mat

These curving polished aluminum mats hug the base, brilliantly reflecting the light and begging you to step up to the slip-resistant, contoured rubber pads. Two mats create one set.

Comfort Mat

Cushioned by thick, industrial grade rubber that absorbs shocks and jolts, the comfort mat allows you to ride on and on without getting fatigued. Two mats create one set.

Charge it.

Off-Board Charger

Charge up to two spare batteries at the same time. Small enough to take with you in your cargo bag, it can be used for all battery types to ensure you’ve always got the power you need.

Lithium-ion Battery

Developed with Valence Technology Saphion® lithium-ion batteries run up to 24 miles/38.6 km on a single charge depending on model, terrain, payload, and riding style. These low-maintenance, long-life batteries can operate at temperatures as low as 14°F/-10°C. One-year warranty.

Lock it.

Segway Lock Kit

Secure your Segway PT to any immovable object. This durable lock can be used almost anywhere – including with the Segway Hauler. It comes with components to make it compatible with older Segway PTs. Highly visible, it’s a convincing deterrent for would-be thieves. The 28”/71 cm cable with lock comes with two keys. Not compatible with the Tool-less release.

Protect it.

InfoKey Controller Skin

Protect your Wireless InfoKey Controller from incidental damage with this custom-fit cover. It wraps snugly around the case of your InfoKey Controller and has a clear plastic shield for the display to discourage scratches. Made from a thin rubberized material, it grips the InfoKey controller tightly and has indentations to indicate the Power/Standby Button.

Wear it.

Segway Signature Gear

Declare yourself an official Segway aficionado with your own signature wardrobe. Don your cap while gliding through your day. Wear your t-shirt and be prepared for the question, “Do you own a Segway PT?” Grab a jacket for those chilly days. Road tested by loyal Segway fans, these fashions are a definite must.

Parking Stand

If you need to leave your Segway PT, the parking stand easily pivots down to offer support while you go about your business. When not in use, it aligns discretely against the chassis. Available for both i2 and x2 models.
